

SCHOLARSHIP OPPORTUNITIES

Limited Conference Scholarships available. See website for details!

Remembering Greg Main

The Indiana Association for Floodplain and Stormwater Management will grant a \$1,500 scholarship for the 2018-2019 academic year to a full-time college junior or senior currently enrolled in an undergraduate program related to floodplain/stormwater management, or a student enrolled in a graduate program in a field related to floodplain/stormwater management.

Eligible applicants include:

- current undergraduates in a four-year Indiana college program,
- applicants to a graduate program, or
- current graduate students.

Applicants must be enrolled in an accredited university or college in the State of Indiana and be a citizen of the United States. Eligible fields of discipline include:

- civil or environmental engineering,
- planning,
- emergency management,
- environmental sciences, or
- other disciplines with a demonstrable link to floodplain and stormwater management.

Applicants must complete a [Scholarship Application Form](#). Selection preference will be given to those applicants who demonstrate a history of civic or volunteer service, as well as a financial need (i.e. full-time students responsible for their own tuition), in addition to meeting the basic qualifications. In order to be considered, the Scholarship Review Committee must receive the Scholarship Application Form, essay, and a separate reference letter by April 1, 2018.

Scholarship funds will be paid directly to the recipient's college or university. Go to www.INAFSM.net for more!

What is INAFSM?

The Indiana Association for Floodplain and Stormwater Management was founded in 1996 by professionals interested in and responsible for floodplain and stormwater management in the State of Indiana. INAFSM members include federal, state, and local agency staff, engineers, consultants, planners, elected officials, members of academia, students, and floodplain residents. We offer continuing education through various events including our annual conference and other events such as high water mark training.

Each year at Conference INAFSM members elect a Board of Directors from the membership to oversee the administrative tasks of the organization. The 9 voting members of the Board include the Chair, Vice Chair, Secretary, Treasurer, North Regional Director, Central Regional Director, South Regional Director, Floodplain Committee Chair and Stormwater Committee Chair. Additionally, there are 18 (non-voting) advisory positions and an Executive Director to ensure INAFSM members have outstanding service and opportunities to learn and grow.

INAFSM hosts an Annual Training Conference where members can come together to share information, earn continuing education credits and enjoy the fellowship of talking shop with others in their respective fields. A variety of keynote speakers, breakout sessions and resources are available at the conference.

Benefits of Membership:

- Training and Workshops
- Continuing Education Opportunities
- Webinars and Videos
- Legislative Updates
- Floodplain Information and Data
- Job Listings
- Resource Links
- INAFSM Archives
- **Peer Networking** – Members agree, the #1 advantage of INAFSM is the invaluable networking relationships we build with others in our field including regulatory professionals.

Conversations with others who face the same challenges in their programs and sharing the different approaches and best practices to accomplishing our goals can be an inspiration to excel. When you find yourself facing a challenge, it's great to pick up the phone and call someone you know has faced the same challenge and has overcome it.
