

**USGS Report to INAFSM Board
March 2018
Zach Martin**

INAFSM Board,

There have been three new Flood Inundation Reports published since the last meeting. The first is the Wabash River near Grayville, Illinois <https://doi.org/10.3133/sir20175140>. The second is the Patoka River near Jasper, Indiana <https://doi.org/10.3133/sir20175138>. The third is Cedar Creek at Auburn, Indiana <https://doi.org/10.3133/sir20175156>. As a reminder, these maps and previous maps can be viewed on the FIM Mapper at <http://wimcloud.usgs.gov/apps/FIM/FloodInundationMapper.html>.

Also, in conjunction with the flood inundation report for the Wabash River near Grayville, Illinois a river meander model was completed for the same river reach in cooperation with Indiana DOT. The river meander model report can be found at the following link: <https://doi.org/10.3133/sir20175117>.

Regards,
